

THE GLEICHEN CALL

VOLUME XXXVI NO. 36 GLEICHEN, ALBERTA, WEDNESDAY NOVEMBER 24, 1943 SUBSCRIPTION \$2.00 PER YEAR

Women Are Needed In War Service

Today more than ever before Canadian women are taking an important part in the affairs of a nation. When the call went out for women for military service their response was magnificent. Through the enlistment of women in both the Army and Royal Canadian Air Force many thousands of men were relieved from the work they were doing and thus have taken a more active part. Before victory is attained many more women will be required in the service.

On enlisting they are trained for the job they will be doing. That training will be as valuable to them after the war is over as it is at present. Best of all is the satisfaction of knowing that they offered and gave their service to their country at a time when it was needed so badly.

In the window of the Gleichen Herald there is a display of leaflets advertising what the C.W.A.C. and the R.C.A.F. (Women's Division) have to offer those desiring to be trained for the service. So do not fail to see it.

Remember women are urgently needed in both services and with extension of the work more men are being sent out.

OBITUARY

MRS. MARGARET B. HUNTER

The sudden death of Mrs. Margaret Elizabeth Hunter, wife of Mr. George Hunter, early in the morning came as a great shock to the family and their many friends. Mrs. Hunter had retired to her room at night when she was seized with a heart attack and despite medical assistance passed away.

She was born at Inverness, Quebec, on October 8, 1879 and came to Gleichen from Blackfoot, Idaho, with her family in 1906 and had resided here ever since. Besides her husband and a son, she is survived by one son, Rupert K. of Gleichen; three daughters Mrs. J. F. Bouché and Della of Gleichen and Miss T. Fraser of Standard and seven grand children; three brothers, Earnest, Eugene and Herbert Patterson.

None ever entered her home and found a warm welcome nor left without feeling the warmth of a genuine hospitality. Funeral services will be held Friday afternoon at 2 p.m. in United Church with Rev. Mr. Hunt of Strathmore officiating. The service was largely attended by friends from far and near. The flowers were many and beautiful, but not more beautiful than the face that rested so peacefully among them. After the service interment was made in the family plot in the local cemetery.

The pallbearers all old friends of the family were Messrs. R. Clifford O. C. Crockett, D. Macdonald, J. C. Morton, D. McLean and Major R. D. Dogdon, M.M.

Among the floral offerings the following were noted:

The family: Ernie, Bert and Eugene; Mr. and Mrs. Taylor and family; Anne and Jean; Mrs. Walker; Mr. and Mrs. J. C. McLean; Mrs. Rose Cunningham; Mr. and Mrs. J. Green; Claude and Grandma Roush; Gleichen Branch of Canadian Legion; Mr. and Mrs. H. A. McLean; Mr. and Mrs. J. C. McIntyre; Mr. and Mrs. B. Bolinger and family; Ella and Stuart Hayes; Sgt. and Mrs. Service and family; Dr. and Mrs. McIntyre; John Sochran; the Woods family; Ben and Norman Mathison; Mr. and Mrs. Irvine Goss; Mr. and Mrs. Haskay; Mr. and Mrs. Kimmitt; R. C. Clifford; Mr. and Mrs. McIntyre; Mrs. Gillespie; the Leadbeater family; Mr. and Mrs. Bogate.

Mr. and Mrs. W. Melson; Mr. and Mrs. Joe Robinson and family; Mr. and G. Fraser; Mr. and Mrs. H. Sheets and family; J. C. Morton; Mr. and Mrs. J. Bolinger; Ethel Brookman; the McKennies and Sam; Mr. and Mrs. J. P. Madson; Cassel Motors; Mr. and Mrs. Bob Brown and family; Mr. and Mrs. D. McLean and family; Mr. and Mrs. Leith; Town of Gleichen; Mrs. Roush; the Pattersons; the Dawson family; Bert Davernport.

Word has been received that a son, Donald Barry was born to Mr. and Mrs. O. Lyons at Ponoka. It will be remembered that Mr. Lyons operated a jewelry store here for several years some years ago.

News Items of Local Interest

Mr. and Mrs. J. Webb attended the convention of elevator inspectors in Calgary last week.

Mr. J. A. Menard spent the week end in Calgary.

Mrs. Campbell Brown, matron of the Blackfoot hospital and Miss W. Leggett of the staff of the Bank of Commerce were weekend visitors to Calgary.

Miss Ethel Bookman who has been relieving at the telephone office since Wednesday returned to Calgary on Saturday.

Mr. J. Wright who has been living in Edmonton for the past couple of years was hit by an auto recently and received a broken leg.

Frank Behlau, Calgary Power Co. engineer, has been in town for the past week testing the town water system with a view to increasing the water supply of the town. No. 1 well has been abandoned owing to low water level and No. 2 well has been supplying water for some time. The other three wells are at present under inspection and being tested by Al Wilson the local representative of the Power Company. So far no reports are available on them.

Mr. and Mrs. Jack MacArthur spent the past week in Calgary. Mr. Arthur was a delegate at the municipal convention.

Mrs. M. Roush and granddaughter Pauline left Saturday for Salt Lake City, Utah, and California.

One day last week was pay day for our red brothers. During that day they pretty well eat the restaurants out of house and home and the stores did a roaring business.

Mr. and Mrs. Ted Krause and children Alice, Doris and Lynn returned to town last week after having spent the past summer on the Alaska Highway where he was engaged with his big truck.

Miss Helen Hood and Miss Evelyn Miller of Calgary spent Sunday in town of Mrs. G. and Mrs. E. W. Taylor.

Mrs. R. Ferris and Mrs. N. Seeger, sisters of Mrs. Edith Walker who were here visiting for a few days have returned to their home in Edmonton.

Among friends from a distance who attended the funeral of the late Mrs. Hunter were Mrs. Fred McKenzie and nephew Cpl. Sam Wagner of Calgary; Mrs. Jack Allan of Mississauga; Mrs. Pat Ooster of Airdrie; Mrs. Bartley Bassano, Miss A. Forgie, Strathmore; Mr. and Mrs. W. Leadbeater, Strathmore; Mr. and Mrs. Bolinger, Strathmore; Mrs. G. Canfield, Irricana; Luc J. F. Roush, Manitoba who was here quite recently.

The big roof on the Old Sun School is being renewed. The contracting company is the Ragan Roofing Company and the government inspector is Mr. Snelson of the Engineering Branch of the Department of Mines and Resources Banff. Mr. Snelson owns an irrigation engineer and is from Brooks. Of late years he has built highways through the Rockies. He has had big crews of Jacks and says they must be kept under the strictest discipline.

Major Robert Dogdon, M.M., was present and everybody was glad to see him and hear not only his singing voice but to listen to his pep talk. He reminded the present members of the past former members of the 1st and 2nd units are playing overseas. He cited as one example, Major Douglas Harkness who was second in command of the 22nd for five years before this war. Major Harkness was recently C.O. of troop ship when it was torpedoed in the Mediterranean and remained with the ship to the last man and then was killed in getting away. Fortunately the injury was not serious, Major Harkness is with the artillery overseas.

Congratulations to Lieut. and Mrs. P. Nelson on the arrival of a daughter. Will she be a W.A.A.C. or a W.R.N.C. or a D.B?

Q.M.S. Patterson of the 41st Reserve Group, Calgary, has been assisting Q.M.S. Phylman with unit stores. The gesture on the part of Col. Knight, V.D., commanding officer of the Alberta Reserve Group is much appreciated.

J. Wheatley Pres. M. D. Association

J. M. Wheatley of Chancellors was elected president of the Alberta Association of Municipal Districts at the convention held in Calgary last week. Mr. Wheatley in accepting presidency of the association declared it would be difficult to maintain the enviable record established by his predecessor. "The retiring resolution has won Dominion wide recognition for his untiring efforts," Mr. Wheatley declared "and we all owe him a great debt of gratitude for the work he has done on behalf of our municipal districts."

Mr. Wheatley has been a director of the association for the last 10 years and for the past year he has been vice-president. He is a councillor for Bow Valley municipality and has served the district for the past 15 years, having previously been councillor for Blackfoot.

Alberta (1943)

The percentage of varieties not recommended varies from 3.1 in Zone 2 to 28.4 in Zone 4A. The latter contained 12.5% of Garth, 0.7% Marquis and 5.2% others. The varieties not recommended are official approval. In Zone 1, about 16.0% of the acreage was occupied by varieties not recommended, largely because Red Bobs is becoming popular even though it lacks official approval in this zone.

The farmers and the officials of the Saskatchewan Wheat Commission are not recommending Red Bob in Zone 1. 80.9 per cent of the acreage is occupied by varieties lacking official approval. In Zone 2, the percentage is 16.5. This is largely because Marquis has been recommended from the recommended list, but many farmers grow it.

Also, to note, Manitoba. Ask your Line Elevator agent for a list of varieties not recommended "Harvest" with more information!

FROM THE FILES OF THE CALL

TWENTY YEARS AGO

Mr. and Mrs. Harry Brown came down to Calgary and visited with friends and relatives in town. They are leaving shortly for his home in Ontario to spend the winter. Harry says he could not spend of residence

permanently again in the east.

Monday afternoon the fire whistle brought the fire brigade to the skating rink. The boys crews were cleaning up the weeds and had set fire to them and with the high wind blowing at the time caused the flames to leap high over the high board fence. For a few moments the fire looked very dangerous but the boys had the fire under control before the fire brigade arrived.

Mr. L. Robinson of Calgary was a visitor with his brother here J. Robinson.

Threshing is practically finished in the Queenstown area and a fine threshing season it has been. The usual condition resulting from a big crop exists and all the elevators in all towns are full up and only those farmers who have been lucky enough to obtain special bins can haul wheat and hence many farmers cannot avoid the trouble of hauling wheat while the weather is good. The Queenstown local complained about not getting enough grain at Calgary Superintendent McArthur at Medicine Hat and received the reply that both Gleichen and Cluny have been favored above all other points this fall. Still the superintendent was personally watching two points and would do his best, he said.

While Jack McGillivray was riding about six miles out of Cluny his horse fell and rolling on his leg broke it. He managed to get on the animal and rode to Cluny from where he was brought to the Gleichen Private hospital in a car. It will be remembered Jack put on the last successful stage ride in Gleichen.

Agent Gooderham is happy over the arrival of a fine baby girl last Wednesday.

Mrs. Kruger of Calgary visited her daughter Mrs. S. E. Lester over the weekend.

Miss M. Kofoed came down from Calgary to spend the week end with her parents.

Mrs. David McLean states she has had completed a modern chicken pen that she is fairly proud of.

Messrs. Flannigan Bros. of Bassano have purchased the hardware business of F. K. McKay and are now busy taking stock.

Walter McKay spent the weekend visiting his home in Gleichen. Walter is taking a business course in Calgary.

Rev. Mr. Morgan wife and family have arrived from B.C. and he is now in charge of St. Andrew's parish and apparently is being well received by his congregation.

Mr. and Mrs. C. A. Van Winkle and daughter of High River, accompanied by Miss Lucille Kruger and Mr. R. Dogdon of Calgary motored up to High River and spent a day at the home of Mr. and Mrs. S. E. Lester.

Agent G. H. Gooderham and his staff are busy today paying the South Canadian Indians their wages for threshing and tomorrow will pay the North Canadian Indians. They all have good wages due them and their merchants are busy filling their many orders.

The Blackfoot Indians have big crops this year and as they are not tied up by the banks or owe very much money to any person many of them are in much better condition than most of their white brothers. All of which speaks well for Mr. Gooderham and his efficient staff.

M. Lundy has started work excavating for the erection of a garage on Crowfoot Street east of the telephone central office. When it is completed it will be occupied by the Bates garage. It will be the most modern garage in town and Mr. Lundy and Mr. Bates are to be congratulated on their enterprise.

Oliver Skeene formerly of the Calgary Bank staff has been working at Lacombe in town visiting his friends.

Miss Gladys Walker of Harrowbury, Man., left last week for home after visiting for three months with her uncles J. H. and Donald Walker.

Mr. Lundy has started work excavating for the erection of a garage on Crowfoot Street east of the telephone central office. When it is completed it will be occupied by the Bates garage. It will be the most modern garage in town and Mr. Lundy and Mr. Bates are to be congratulated on their enterprise.

T. H. BRACH GLEICHEN ALBERTA

WRITTEN SPECIALLY FOR THE WEEKLY NEWSPAPERS OF CANADA by JIM GREENBELL, Editor of THE SUB

Capital cities: When Galt Park, Hollywood film star, arrived in Ottawa to help in the Victory Loan drive, she was a tall, dark, beautiful woman with a lot of hair. The housing situation is worse here now than ever before, officials say. In 37 Canadian cities where the Board of Registry operates there are 58,723 seeking homes through the Board. For the first time since 1915, the bells of St. Patrick's Church on Kent Street will be rung by automatic electrical device. The Overseas Cigarette Pool officials here say 15,000,965 cigarettes were sent to troops in September through this medium alone. President Roosevelt sent the Governor General a motion picture of the Allied conference at Quebec, and it was given first showing to a distinguished company at Government House. Prices Board officials say a shipment of 1000 tons of paper was sent from Can-

ada for the British 8th Army for use in propaganda work in liberated territories. Total cost of the increase in cost of living from effective November 15th is estimated at \$55,000,000. It will now be \$4.60 instead of \$4.26, the latter having been held since August 1942. Subsequent cost increase in the index jumped from 117.0 to 117.4 last month. Canadians are ample savers as indicated by the fact that savings on deposited in Canada's chartered banks at September 30 last amounted to \$1,068,004,000. Remember that's savings alone. An interesting trade angle: because of the need of foodstuffs at home, Canada so far this year has not filled quotas allocated under war (Continued on another page)

(Continued from page one)
A WEEKLY EDITOR

agreements with the U.S.A. Under preferred duty arrangements for its status, we could have sent three million gallons of whole milk, but to October 12 had only sent 5,585 gallons out of a quota of 150,000 gallons of cream only 702 were shipped. We did better in fat, shipping nearly 13 million pounds out of the 15 million only 1.5 percent of allotment of 1.

NOTICE TO CREDITORS AND CLAIMANTS

IN THE ESTATE OF HAROLD JOHN PECKHOCK, late of Olds, in the Province of Alberta, Retired Farmer deceased.

NOTICE is hereby given that persons having claims upon the Estate of the above-named deceased, which died on the 27th day of October, A.D. 1940, are required to file with the undersigned Solicitors for the Executors by the 15th day of January, A.D. 1944, a full statement duly verified of their claims and of any assets held by them, and a statement that the Executors will distribute the assets of the deceased among the parties entitled thereunto, having regard only to the claims of which notice has been so filed or which have been brought to her knowledge.

DATED this 12th day of November, A.D. 1943.

SIDWELL & McDONALD,
Solicitors for the Executors
61, Canada Life Building,
Calgary, Alberta.

500,000 bushels of seed potatoes went. The calendar year quota for red cedar shingles is 2,506,072 squares with only 44.9 percent being shipped. We could send 100,000 pieces of silver or black fox fur on a preferred rate but only 45.6 per cent went across the line. We filled our quota of 795,000 bushels of wheat for the 12 months beginning May 29.

This will interest housewives who like salmon, or will it? Although 200,000 cases of British Columbia's 1943 salmon pack may be available the greater part will be eaten by other Allied Nations. We will be doubling our 1942 shipments of frozen fish to the United Kingdom and the entire exportable surplus of dried bonnets and green-sailed fish some 27 million pounds, has been allocated to various countries under a United Nations plan.

The department of labor in commenting on measures taken to alleviate impending shortage of pulpwood and conserve existing stocks, has in preparation a vigorous program of waste paper salvage. Did you know that many of the pulpwood industry's products enter into essential war use, such as shell cases, as a substitute for metal. Wood pulp is nitrated into explosives; plastics substitute for metal in component parts of electrical apparatus; and for the navy armor, air force components for land and sea mines, submarine detectors and many other devices are made from pulp wood. Millions of feet of lumber have been released in the packaging field, and ingenious uses made at

paper-board, thus ensuring safe delivery of food, delicate instruments, clothing, etc., to the front line, whatever conditions prevail there. From dissolved pulp, synthetic fibers are made for the cord, fragmentation bombs, self-sealing gas tanks. These essentials comprise about 50 percent of the total pulp wood consumed by the industry. The balance is used for newspaper paper, of which Canada's consumption is only 3 percent. A notable contribution is British Columbia's aeroplane spruce produced over 70 percent of total requirements.

Agricultural notes: In conjunction with ranchers, the government was able to see that additional outdoor fires were available and 100 shipments were made to South American countries during the past season. Approximately 153,000 or 6 percent of the telephones in Canada are operated by rural co-operative companies in which there is a total investment of \$20,000,000. We are asked to send the reminder that distributors of milk and manufacturers of dairy products must obtain permission of the Agricultural Board, Ottawa, to purchase milk or cream from any producer from whom they are not buying milk or cream at September 1st. In view of the news that the experimental farm system has developed a satisfactory resistant wheat it is interesting to know that the wheat stem sawfly is a native insect which has spread from wild grasses to cereal allied cultivated plants such as wheat and rye.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to all our friends and neighbors for the many acts of kindness and sympathy shown us at the time of the death and burial of our dear wife, mother and sister, the late Margaret B. Hunter, to Rev. Hunt, the bearers, pianist, to those who sent flowers; cards and letters of sympathy and to each and every one who assisted us in so many ways at that time.

Geo. W. Hunter, Anna and Buster Roesche, Edw. and Tommy Fraser, Rupert and Ida Hunter, Ernie, Bertie and Eugene Patterson, brothers.

Town & District

A. R. Yates returned home Saturday evening from Calgary where he had been confined to a hospital for a week. He was accompanied by his daughter and her husband Mr. and Mrs. Clapperton.

Instructions have been received by the local postmaster, Thos. Bates, from the post office department to close the lobby all day Sundays and at 8 p.m. on week days. The closing of the lobby on Sunday will save Mr. Bates quite a bit of labor. The lobby entrance is quite a hangout on Sundays and by night the floor is littered with odds and ends, which means that much more cleaning up that night or first thing Monday morning.

Word has been received that Sgt. J. Roesche R.C.A.F. has been confined to a hospital in North Africa through illness and in the bed next to him was Sgt. John Leattie R.C.A.F., also ill.

According to reports received by the Mounted Police, John T. Peppier who was alleged to have stolen a truck owned by O. K. (Hagen) Crescent was arrested at Sudbury, Ont. Corp. Amy left Thursday to bring Peppier to Gleichen. Last summer Peppier was engaged by Hogan to drive his truck and after several days work damped with the truck. Sometimes late the truck was located in Edmonton minus several tires.

Floyd Gilmore, R.C.A.F., of Lethbridge, accompanied by two men from senior corps, spent several hours in town Monday afternoon. They were en route east to Medicine Hat intending to visit the intervening towns to engage local assistance to obtain uniforms for the Women's Division of the services of which a great many are needed.

The Call's job department is turning in every particular and returns to first class work. Send along your letter heads, billboards, etc. and we will give you good service.
